PROPOSED ALCOHOL CONTROL  
BYLAW 2020

This Statement of Proposal is made  
for the purposes of Sections 83, 86 and 156  
of the Local Government Act 2002.

IT INCLUDES:

- Background to the proposal
- Reasons for the proposal
- Summary of the proposed bylaw
- 'have your say' details

# BACKGROUND

Waikato District Council has developed the proposed Alcohol Control Bylaw and would like your feedback on it. The proposed bylaw will control the consumption of alcohol in public places and intends to reduce alcohol-related harm. This document gives details on the proposed alcohol control ban areas and includes the proposed Bylaw in full.

Section 147 of the Local Government Act 2002 (The Act) gives Council the ability to develop alcohol control bylaws to prohibit or regulate the consumption, possession, or bringing of alcohol into public places for one or more specified periods, or during specified times. The Bylaw is intended to reduce the potential for public nuisance, damage to property, and offensive behaviour created as a result of people becoming intoxicated in public places.

In December 2013 an amendment to the Act (Alcohol Reform Amendment Act) meant all alcohol control bylaws must be reviewed under the new legislation.

Changes to the legislation put a greater responsibility on Council to justify the alcohol bans it puts in place with its Bylaw. A ban must be a reasonable limitation on rights and freedoms and there must be evidence of a high level of crime or disorder caused by alcohol consumption. The proposed bylaw considers the legislation alongside the requirements of the district to ensure we limit instances of crime and disorder related to alcohol.

---

## KEY PROPOSALS

The proposed Bylaw aims to reduce incidents of crime or disorder related to alcohol consumption by controlling where and when people can possess or consume alcohol in public places. This bylaw applies to any public place within Waikato District Council as specified in Schedules One and Two of the proposed bylaw and Council controlled parks, reserves and esplanades. These are the Key Proposals;

- Key proposal 1 - Introduce 24/7 365 day permanent alcohol ban areas:
  - Option 1 - In our town centres and near outlets that sell alcohol (areas identified on the maps as shaded red areas)
  - Option 2 - In our urban areas (areas identified on the maps by red dotted lines (excluding Council controlled parks, reserves and esplanades))
- Key proposal 2 - Introduce 9pm- 9am timed alcohol control in Council controlled parks, reserves and esplanades
- Key proposal 3 - Introduce seasonal alcohol control ban areas where alcohol is prohibited 24/7 in public places over set dates

## PERMANENT ALCOHOL BAN AREAS

Schedule One of the proposed Bylaw sets out areas proposed to be subject to a permanent alcohol ban. These areas include:

- Option 1 - 24 hours a day, seven days a week, 365 days a year, in town centres (as defined by red shaded areas in the maps in Schedule One)
- Option 2 - 24 hours a day, seven days a week, 365 days a year, in urban areas (as defined by red dotted lines in the maps in Schedule One)

Option 1 - Permanent alcohol ban areas (24 hours a day, 365 days a year) are proposed for all town centre areas which have both on-licence and off-licence premises. These areas are defined around town centres, to best focus on crime and disorder where alcohol is readily available for purchase or where there are premises that have alcohol available for consumption.

Option 2 - Permanent alcohol ban areas (24 hours a day, 365 days a year) are proposed for urban areas to best focus on reducing crime and disorder in town centres and residential areas. Council controlled parks, reserves and esplanades are excluded from the permanent bans in urban areas as they are proposed to have controlled alcohol ban times.

- 24 hours a day, seven days a week, 365 days a year, Wainui Reserve (Raglan), Sunset Beach (Port Waikato), Karioitahi Beach (Waiuku), Maraetai Bay (Port Waikato) (as defined in the maps in Schedule One)

24/7 365 day permanent bans are also proposed for Wainui Reserve, Sunset Beach, Karioitahi Beach, and Maraetai Bay. These beach areas have previously had permanent alcohol bans in place with the exception of Maraetai Bay. Maraetai Bay is a large reserve area which gives access to the Waikato River prior to the mouth of the River on the west coast. To prevent antisocial behaviour, it is proposed that these areas have permanent alcohol bans in place.

## TIMED ALCOHOL CONTROL AREAS

Alcohol control areas are proposed on all Council controlled parks, reserves and esplanades with the exception of the proposed permanent alcohol ban areas. The proposed alcohol control times are 9.00pm – 9.00am.

## SEASONAL ALCOHOL CONTROL BAN AREAS

Schedule Two of the proposed Bylaw sets out areas proposed to be subject to a 24/7 alcohol ban during set dates (seasonal). It is proposed that the seasonal alcohol ban covers the following areas:

- Entire Raglan ward over the peak summer period from 20 December to 10 February (as defined in the maps in Schedule Two of the proposed bylaw)

Seasonal alcohol control areas are proposed to be set around the busy summer period in the Raglan ward.

Raglan sees an influx of visitors during peak summer times and Council is proposing to prohibit alcohol consumption in public places during the peak holiday period. The previous Bylaw prohibited alcohol consumption in public places over the entire Raglan ward area and the Police have recommended this is reinstated. Additionally, the Police also recommend extending the previous timeframe to incorporate busy holiday weekends, in particular Auckland Anniversary and Waitangi day. As a result of this, the timeframe Council is proposing for Raglan is 23 December to 10 February (previously 23 December – 06 January).

## ADDITIONAL PROPOSALS

### Temporary Alcohol Control Areas

Council propose to declare temporary alcohol control areas for a specified period not exceeding seven days by resolution. 14 days Public notice must be given in such an event.

### Exceptions

Clause 11.1 of the proposed Bylaw explains where alcohol control area restrictions do not apply. This may include travelling with unopened alcohol containers in public places, public places that are subject to a special licence or events in a public place that have the appropriate licence under section 38 of the Sale And Supply Of Alcohol Act 2012.

## Signage

Section 147C of the Act requires Council to erect and maintain signs indicating the existence or boundaries of areas where an alcohol ban is in place. For clarification, the absence of a sign or signs indicating the existence or boundary of an alcohol control areas is not a defence to a breach of the bylaw.

## Offences and penalties

The proposed Bylaw sets out that anyone not complying with the provisions of the proposed Bylaw has committed an offence. It also outlines the maximum infringement fines, as prescribed by the Act

## Next steps

After the hearing, Council will consider all the submissions received and make decisions on any amendments to the proposed Bylaw as a result. Council will consider a final Alcohol Control Bylaw for adoption on 14 December 2020. As a submitter, you will be notified of Council's decision.

Remember, you have until 5pm on Monday 5 October to send us your feedback.

---

## RELEVANT DETERMINATIONS

This statement of proposal has been prepared in accordance with the requirements set out in section 83 of the Act. Council's proposal needs to be able to limit instances of crime and disorder related to alcohol consumption to provide safe public places for those within the district. Council has considered the proposed Alcohol Control Bylaw included with this Statement of Proposal and has determined that:

- A bylaw is the most appropriate way of limiting crime and disorder related to alcohol consumption within the district.
- The proposed bylaw is the most appropriate form of bylaw for the purposes of consultation
- It is acknowledged that the proposed bylaw may have implications under the New Zealand Bill of Rights Act 1990 however Council has determined that any infringement of these rights are justified in managing the safety and wellbeing of those within the district.
